

CNT celebrates
30 years
of urban innovations

Celebrating 30 years of achieving
Sustainable Communities.
Attainable Results.
Viable Innovations.

CNT has been working since 1978 to show urban communities in Chicago and across the country how to develop more sustainably, in a way that's good for the economy and the environment. We make better use of existing resources and community assets, and improve the health of natural systems and the wealth of people—today and in the future.

We develop innovative projects that promote sustainable regions and communities, we practice sustainable development “at home” in our LEED-certified Platinum building and we work with national and international partners to advance sustainable programs.

Now it's time to celebrate.

Please join us as we celebrate 30 years
of achieving Sustainable Communities.
Attainable Results. Viable Innovations.

Wednesday, September 17, 2008
6:00pm – 10:00pm
Garfield Park Conservatory
300 North Central Park Avenue, Chicago
